

# J A N U A R Y

As you enter this new year with high hopes & expectations, why not treat yourself to the relaxation of a massage. Enhance your massage with the benefits of hot stones.

Hot stones aid in the relaxation of your experience as well as open the energy pathways within our body. Utilizing hot stones also promotes a deeper muscle and tissue relation, alleviates stress, releases toxins, relieves pain, improves circulation, and calms the psyche.

Amoreena specializes in hot stones, and we at Technical Artistry would like to help you get your new year off to a great start by offering you a "free" hot stone add on to any massage with Amoreena.
